

Product Code: WA412

Product Name: Super Humi Kill Kit™

Product information:

Super Humi Kill Kit™ (WA412) is a quality product which is used for effective control of white grub infestation found in Sugarcane, Maize, Wheat, Millet, Sorghum, Rice, Oat, Barley, Groundnut, Turmeric, Ginger, Banana, Grapevine, Guava, Strawberry, Citrus, Peach, Avocado, Coconut, Tobacco, Potato, Sweet potato, Castor, Mustard/ many oilseeds, pulses (Soyabean, Moong, Tur) and vegetable crops (Chillies, Cucurbits, Okra, Brinjal, Cabbage, Cauliflower).

Kit Contents:

WA305 – SuperStar™

WA310 – SuperVinashak™

WA311 – SuperGhatak™

How to Use:

Soil application: Measure about 10 liters of fresh & clean water. Add all kit contents and mix well to get homogenized solution. Sprinkle the solution gently on 50kg FYM/compost / Vermicompost and mix well, allow the mixture to dry for an hour in shade. Now prepared mixture is ready to broadcast in the field.

Drip / Drenching: Add all the kit contents of Super Humi Kill Kit™ in 10 litre of fresh & clean water and mix well to get a homogenized solution. Add 90 litre for water to the above solution and make up the volume to 100 litre. This mixture is now ready to use.

Important Advice:

- Once opened use the entire content or else store the unused product in the same bottle, with cap tightly closed.
- Avoid inhalation or direct contact of the product with skin.
- Wear appropriate protective clothing and rubber gloves while handling this product.
- In case of skin contact, wash the affected area and contaminated clothing with copious amount of water using soap. Strictly avoid eating, drinking or smoking while using this product.

Storage & Shelf life:

Store the product in a cool place away from direct heat and sunlight. Do not store the product along with food or animal feed. Empty containers should not be used for storage of any food products. Keep the product out of children's reach. Use before the expiry date mentioned on the label.

Note:

For Agricultural use only.

Warranty:

The use of this product is beyond our control, we only assure the uniform quality of the product. The company is not responsible for crop damage occurring due to usage other than recommended dosage, sudden changes in environmental conditions or any natural calamity.
