

Product code: WA423

Product Name: Mag Orgicare™

Product information:

Mag Orgicare™ is a liquid formulation of Magnesium in their readily available soluble form for plants. It plays key role in activating enzymes involved in photosynthesis and respiration. Increases plants ability to produce flowers and fruits. It helps in better uptake for valuable nutrients like phosphorous, nitrogen and phosphate metabolism in plants.

Dosage:

Foliar application: 10ml/Litre of water.

Drip/drenching: 20ml/Litre of water.

Physical and chemical tests:

Magnesium (As Mg): min 4.2%

Sulphur (as S): min 6.5%

Mode of Application:

Foliar application: 10ml/litre.

Drenching / Drip application: 20ml / litre. It is recommended to use this product along with 0.5ml/litre of Warkem's SuperStiker® to increase efficiency.

Recommendation: For all types of crops.

Storage & Shelf life:

Store in a cool place away from direct and heat. Do not store the product along with food or animal feed. Empty bottle/container should not be used for storage of any food products. Keep the product out of children's reach. Use before the expiry date mentioned on the label.

Note:

For Agricultural use only. Do not use directly with Biofertilizers and Biopesticides. Shake well before use.

Warranty:

The use of this product is beyond our control, we only assure the uniform quality of the product. The company is not responsible for crop damage occurring due to usage other than recommended dosage, sudden changes in environmental conditions or any natural calamity.
